¹ 2023 Federal Poverty Guidelines that were issued in the Federal Register Volume 88, Number 12, on January 19, 2023 by the U.S. Department of Health and Human Services (HHS) 42 U.S.C. 9902 (2). For households with more than 8 persons, add \$5,140 to the 100% Federal Poverty Guideline for each additional person.

² 60% State Median Income for Federal Fiscal Year 2024. Published by HHS on May 24, 2023. In accordance with 45 CFR 96.85, 60% of each State's estimated median income for a four-person family is multiplied by the following percentages to adjust for household size for LIHEAP: 52 percent for one person, 68 percent for two persons, 84 percent for three persons, 100 percent for four persons, 116 percent for five persons, and 132 percent for six persons. For each additional household member above six persons, add three percentage points to the percentage for a six-person household (132 percent), and multiply the new percentage by 60% of the State's estimated median income for a four-person household. All values need to be rounded down.
